To Whom It May Concern:

I have known James Midelis for over thirty years and would highly recommend him to any client or candidate looking for an exceptional recruiter in the Legal Executive Search Industry.

After James graduated from Florida State University with his undergraduate in Political Science in the early 1990's, he worked as a court officer for me while I was a Chief Circuit Judge in the 19<sup>th</sup> Judicial Circuit. James was extremely efficient assisting me with court orders, preparing accurate presentence investigations, sentencing guidelines, and instructing offenders placed on probation of their requirements. Even at young age, James quickly developed an excellent rapport with the Assistant State Attorneys as well as Private Attorneys and Public Defenders.

After James started his search firm, he would call or meet me on occasion about opportunities with the very best top tier law firms and always worked directly with the CEO, Chairman, Shareholder or key Partners. I always felt comfortable discussing potential firms with him as he always worked in the strictest of confidence and has a high level of honesty and integrity. Although he can be very persuasive and worked with great clients, I decided to open my own firm specializing in all areas of litigation including business and complex commercial litigation, class action lawsuits, eminent domain, as well as real estate including development.

Once again, I highly recommend The Midelis Group if you are a professional in the legal industry and you want to seriously evaluate your ability to further your career. Please feel free to call me if you wish to discuss James and the Midelis Group further.

Sincerely,
